"LEAD THE FUTURE"

DIRECTOR'S MESSAGE

Welcome to the Indian Institute of Information Technology, Lucknow, an institute of national importance. IIITs have a tradition of producing best-in-class human resources in IT and connecting multi-dimensional aspects of IT such as manufacturing, design, and management. At IIITL, we believe learning is a continuous process. It is not limited to an age or an era. I congratulate the curious minds who decided to break the barriers and chose to learn.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY - LUCKNOW

भारतीय सूचना प्रौद्योगिकी संस्थान

ABOUT IIIT LUCKNOW

Indian Institute of Information Technology, Lucknow (IIIT Lucknow) is one of the 20 IIITs being set up by the Central Government in the Public-Private Partnership (PPP) model.

IIIT Lucknow currently offers all the amenities, academic and non-academic to its students that can help them flourish and serve the nation with all their apprehension in the various fields of technology and management. The Institute is being set up with the financial contributions of MHRD, Govt. of India, Govt. of Uttar Pradesh, and U. P. Electronics Corporation Ltd. as industry partners.

DEPARTMENT OF MANAGEMENT & HUMANITIES

OVERVIEW:

The Department of Management & Humanities at the Indian Institute of Information Technology, Lucknow was established in July 2020. The two programs which the department offers are: MBA in Digital Business and Post Graduate Diploma in Business Management (PGDBM). Both the programs are in online mode and well suited for freshers, working and experienced professionals. The course structure of both the courses are according to the New Education Policy and conform to the latest technology practised in the various business organisations.

THE VISION OF THE DEPARTMENT:

The department thrives on the belief that learning never stops and endeavours to encourage an entrepreneurial culture and develop better managerial and communication skills of the students to make them relevant in contributing to various business organisations and society, thus enabling them to **"Lead the Future"**.

MBA (DIGITAL BUSINESS)

ABOUT THE PROGRAMME

Two courses that are offered under the Department Of Management & Humanities are:

1)MBA(Digital Business): The objective of this program is to produce future leaders who can start their own online business venture or can take up various roles related to digital business in corporate sectors.

This work-integrated program is suited for entrepreneurs, freshers, experienced as well as working professionals. The course structure is well designed including modern concepts of Artificial Intelligence(AI), cloud computing, Blockchain and Fintech. According to the NEP recommendations, the course will offer flexibility to take an exit after a year(will be awarded PG Diploma certificate on completion of the first year) or to complete it even after a break in the next 5 years. The Capstone project included in the curriculum will give a simulation-based real-time experience of industry practices.

2)PG Diploma in Business Management (PGDBM): The PGDBM program is an intensive one year, full-time diploma program and is committed to training individuals to enhance their skills and capabilities required for challenging leadership roles. The program will be run in an online mode. Freshers, entrepreneurs, experienced and working professionals are eligible to apply for this program. The students will also have an option to move to the institute's MBA program in Digital Business after successful completion of the first year in their PGDBM course.

TECHNOLOGY ENABLED MODEL

The tech-enabled course has been designed such that it creates a dynamic platform for the students and faculties to connect, interact, learn and deliver. With course timings designed to suit professional needs students deliver group project to individual assessments over the technology-enabled curriculum.

TESTIMONIALS ”

"Good interactive faculties and perfectly suitable class timing and effective learning model for working professionals" - **Orunayan Bhattacharya, Cognizant**

"While working from home is becoming the NEW NORMAL, Online MBA is also becoming the New Normal. The course is been a boon for me as I get to have the best of both worlds"- **Alpana Bhanot, Accenture**

"Really happy with many aspects like quality of teaching and faculties, curriculum, clubs and the holistic approach the course offers to its students"-**Swathi RS, TCS**

"IIITL has given me a huge platform to showcase my talent, enhance my strengths and overcome my weaknesses. The faculty at IIITL is one of the best as they are very helpful and are always present whenever the students need it. This college is full of enthusiastic people who always motivate students to study hard and follow their dreams" - **Sonu Kumar, TCS**

"The course helps professionals to keep abreast with the latest skills and technologies in digital marketing and artificial intelligence domain. It distinctively gives an edge to professionals to have a knack in above-mentioned skills thus transforming them to exponents of the domain from novice"- **Abhinav Dwivedi, Infosys**

"This is India's first online MBA in Digital Business and has a course structure well designed which will cater to digital business industry practices relevant today and in times to come. We have renowned faculty members and industry experts who guide us. Working/experienced professionals and freshers can join this course. I recommend this course to all the upcoming MBA aspirants" - **Shubha Shukla, Ex Employee of LIC HOUSING FINANCE LIMITED**

"The course timings are good with an effective online learning model and very interactive faculties"- **Rapti Chakraborty, UNICOM Training and Seminars Ltd.**

"Real-time exposure and access to a wide array of specialists from the field definitely make the course absolutely worth it. The institute also takes measures to ensure 100 per cent results even though the medium was online" - **C M Aysa Hannah, VICTARA GLOBAL**

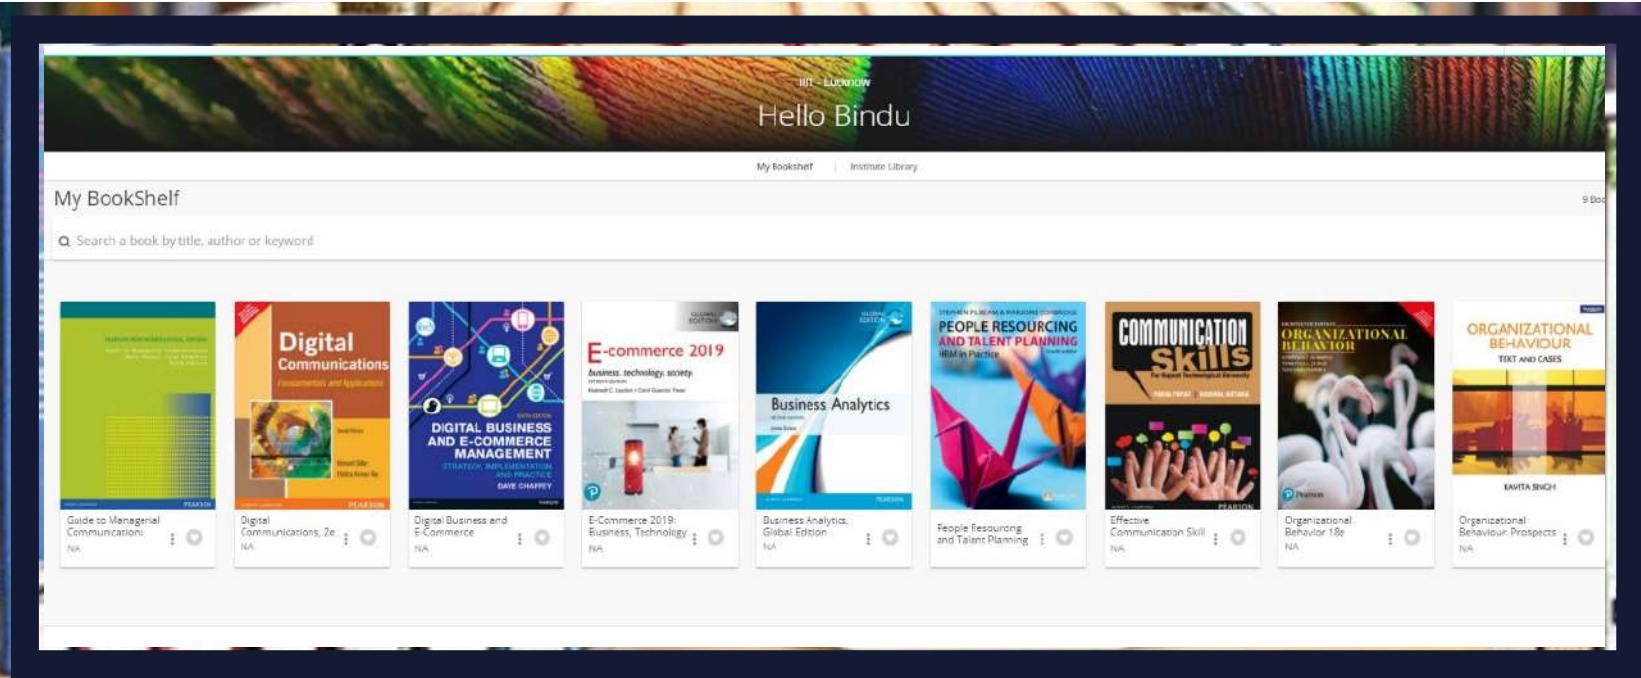

LEARNING RESOURCE CENTER

IIITL caters to its students, free access to Pearson e-Library, which serves as a repository for academic content in the form of e-books, all relevant to Digital Business, Computer Science and Information Technology. The books can be accessed after a simple step of self-registration. Currently, access to e-books has been provided and more titles will be activated shortly. Our students find the platform very convenient for it facilitates easy navigation and enhanced searchability among several other features.

The institute also provides access to Urkund, an efficient and reliable plagiarism detection software. IIIT Lucknow, a Learning Resource Centre also subscribed National Digital Library of India, Vidwan database, IRINS database. Here, you can access various e-books, e-journals and research contents that cater to the needs of all our stakeholders.

INCUBATION CENTER

E-CELL & INCUBATION CENTER

The E-cell of IIIT Lucknow has been established and rooted in three key motives: INITIATE, INCUBATE & ELEVATE. Its prime objective is to create an entrepreneurial ecosystem, promoting inventive and creative solutions and serving as a bridge between the vital components, the students, the entrepreneurs and the investors.

The cell consists of Six Functioning units, each serving as the pillars in the creation to deliverance process.

IIIT Lucknow established its incubation “Centre for innovation, incubation and Entrepreneurship, IIIT Lucknow” in 2021 to promote research and incubation activities, seminars, conferences, workshops for start-up companies/entrepreneurs and many more for effective entrepreneurship. Till now, two startups are registered under this centre and few seminars are conducted to ignite entrepreneurship in students and encourage budding entrepreneurs. Recently, IIIT Lucknow signed an MOU with IIT Kanpur to facilitate collaboration and promote start-ups. We also collaborated with industry experts to offer mentorship to our start-ups.

Feat in Covid: 100% placements at IIIT Lucknow

IIIT starts MBA in digital biz

Lucknow: As from grocery store payments to online consultation with doctors everybody in Covid times seems to have moved on to the digital platform, the Indian Institute of Information Technology, (IIIT), Lucknow has also decided to teach students all about the digital business.

In a first of its kind move, the institution has launched a Master of Business Administration (MBA) in Digital Business, a two-year course, that has been made in accordance with the new education policy declared by the education ministry recently. The course will offer candidates the flexibility to take an exit after a year or to complete it even after a break of a year or so. The institute opened its application process on Friday and the last date for submission of the application form is September 20.

Director IIIT, Arun Mohan Sherry said, "We are the first one in the country to offer this course. It is often mainly in some of the academic institutes in the country. During the course a student can start his or her own online business venture or work in the digital business in corporate sectors."

A professional video camera is mounted on a tripod. The camera is black and has a large lens with a lens hood. A viewfinder is visible on top. The background is a blurred scene of a crowd of people at night, with many bright, out-of-focus lights. A semi-transparent dark red rectangular box is overlaid on the center of the camera, containing the text "OUR EVENTS" in white, bold, sans-serif capital letters. The camera's control panel is visible, showing various buttons and dials. A remote control is attached to the side of the camera, with buttons labeled "GUIDE FRAME", "POWER/REC", "POWER ON/OFF", "PHOTO", and "ON SLOW ZOOM".
