Director's Message

Evolving a brand name takes years of nurturing, hard work and passion. IIT Lucknow, which started its journey in 2015, has brought in the culture of innovation among its students. These students have received training that is 'deep in depth', yet 'wide in breadth'. Such training has moulded them into better-qualified professionals.

Dr. Arun Mohan Sherry,
Director,
IIT Lucknow

At the Indian Institute of Information Technology Lucknow, we are committed to playing a key role in creating an ambience for the creation of new ideas, knowledge and graduates who will be tech-leaders of tomorrow. We are convinced that in order to make significant contributions to the development of the country and to the improvement in quality of life of its citizens, we will need to pursue a strategy that fosters creativity, supports interdisciplinary research and education. This will provide the students with an understanding and appreciation not only of the process of knowledge creation, but also of the process by which technology and knowledge may be used to create wealth as well as achieve social and economic goals. Therefore, I am quite confident that our students shall perform the best on any platform and do justice to the trust placed on them. I am eagerly happy to witness the passing out of the first batch of graduates in 2019. This is a growing Institute amongst the Institutes of National Importance in India. Intellect is an inner ability that can be achieved through education and scientific approach. Technical education carves the personality of students and also paves the way for self-reliance.

Mission, Vision and Objectives

Mission

The mission of Indian Institute of Information Technology, Lucknow, U.P. is to be a unique and world class nucleating "Apex Center of Excellence" in the area of Information Technology and Allied Sciences, so as to enhance India's Technological strength in IT and become a pace-setting institution for other similar institutes to be established in the future. IIIT seeks to derive its strength from a linkage with sound Indian traditions of centuries past, and sets out to create knowledge-based resources in regional languages.

Vision

In line with the vision to address to the increasing skill challenges of the Indian IT Industry, as also to develop new knowledge in Information Technology and to provide manpower of global standards for the Information Technology and allied fields.

Objectives

- (i) to Emerge amongst the foremost Institutions in Information Technology and allied fields of knowledge in the global context;
- (ii) to Advance new knowledge and innovation in information technology and allied fields to empower the nation to the forefront in global context;
- (iii) to Develop competent and capable youth imbued with the spirit of innovation and entrepreneurship with the social and environmental orientation to meet the knowledge needs of the country and provide global leadership in information technology and allied fields;
- (iv) to Promote and provide transparency of highest order in matters of admission, appointments to various positions, academic evaluation, administration and finance;

About the Institute

Indian Institute of Information Technology, Lucknow (IIIT Lucknow) is one of the 20 IIITs being set up by the Central Government in Public Private Partnership (PPP) mode.

The campus of IIIT Lucknow is in 50 acres of land at Chak Ganjaria Region, Gomti Nagar Extension, Lucknow in Uttar Pradesh. The Institute is being set up with financial contributions from MHRD, Govt. of India; Govt. of Uttar Pradesh, and U. P. Electronics Corporation Ltd. as industry partner in the ratio of 50:35:15 respectively towards the capital expenditure.

The mission of IIIT Lucknow is to be a unique and world class nucleating “Apex Center of Excellence” in the area of Information Technology to enhance India's Technological strength in Information Technology. IIIT seeks to derive its strength from a linkage with sound Indian traditions of centuries past, and sets out to create knowledge-based resources in regional languages.

Initially, the administrative and academic activities of the Institute were started at IIIT Allahabad, which was the mentoring Institute of IIIT Lucknow. The Institute shifted to its permanent campus at Lucknow in Aug 2019.

Due to the Covid-19 pandemic, all the academic and co-curricular activities such as conducting online classes, online exams, online cultural and technical activities, opening and closing of academic sessions and placements were completed on time without any break.

The Institute also provided the required access to different e-learning platforms such as SWAYAM, NPTEL, e-ShodhSindhu, Coursera, edX etc. The employees discharged their duties remotely.

Department of Information Technology, IIIT Lucknow

ABOUT

Department of Information Technology is the oldest running department in IIIT Lucknow from 2015 onwards. It consists of a team of highly dedicated, learned and well-qualified faculties with a wide expertise in all the areas of Information Technology. Information Technology deals with the application of computers to solve real-world problems to facilitate businesses and create Information Systems. As the world becomes technologically advanced every day, well-trained IT professionals are needed.

Courses designed by IIITL are according to the industry needs. Department of IT provides B.Tech(IT) and Ph.D. programmes. The students are admitted for B.Tech. program through JOSAA and CSAB based on merit. For Ph.D programme, the selections are held every year in June-July. Currently there are six Ph.D candidates and four batches of B.Tech. with a total of around 200 students. The curriculum is revised regularly to keep up the future needs of the industries. The students are given all-round development by providing a blend of academics and research with professional ethics, physical health and extracurricular activities. Sufficient Job opportunities are provided by the placement cell of IIIT Lucknow. The IT graduates find jobs as- Data Analysts, IT Managers, Cyber Security expert, Cloud administrator, Network administrator and telecommunications to name a few.

The first Convocation of the Institute was held on 23rd April 2021 at Atal Bihari Vajpayee Scientific Convention Centre, Lucknow wherein, the successful candidates of batches 2015- 2019, 2016-2020 and 2017-2021 were awarded degrees and Medals for their exemplary performance in their respective courses.

As the world becomes technologically advanced every day, well-trained IT professionals are needed. Thus, courses designed by the Department of Computer Science are according to the industry needs. Department of Computer Science provides B. Tech (CS, CS&AI and CS&B), M. Tech (CS), PG Diploma (AI&ML), and Ph.D. programmes. The students are admitted for B. Tech. program through JOSAA and CSAB based on merit. The students are admitted for M. Tech. program through CCMT and Institute-level Exam based on merit. For Ph.D programme, the selections are held Yearly twice, November-December and June-July. Currently there are ten Ph.D candidates and four batches of B. Tech. in CS, CS&AI and CS&B with a total of around 800 students, two batches of M. Tech in CS with a total of around 60 students. The curriculum is revised regularly to keep up the future needs of the industries. The students are given all-round development by providing a blend of academics and research with professional ethics, physical health and extracurricular activities.

Modern day's intelligent systems are no longer artificial. The Artificial Intelligence is in a sense artificial as it does not have biological features. Problem solving using programming is the backbone of Computer Science. However, some qualitative features such as learning and adaptability make a solution independent, which does not require future human intervention. These solutions to different kinds of problems have made human life easier. Some intelligent solutions to problems which we encounter in our day to day lives are medical diagnosis, object tracking, face recognition, social behavior analysis, purchase pattern analysis, recommendation systems, etc. However, modern intelligent systems try to mimic the human recognition, analysis and learning capabilities, which are reflected in the existing modern day's systems. Based on the importance of Artificial Intelligence, the B. Tech (CS&AI) course has been designed to prepare an aspirant engineer to understand and solve core problems such as designing compatible algorithms, and translation of algorithms to efficient programs, understand to solve real-time problems. There are other auxiliary subjects to enhance the professional, entrepreneurial and people skills. The knowledge and capabilities required to develop systems with human like intelligence will be imparted to the young aspirants through the subject matter in the following areas – Intelligent Database Management, Artificial Intelligence, Big-Data Analytics, Natural Language Processing, Machine Learning, Deep Learning, Image and Vision Processing, etc.

B. Tech in Computer Science and Business is a professional discipline which offers an amalgamation of both technology and management in a single program. As the boundaries between the two fields have started to dissolve, this program focuses on equipping students with evolving technology as well as business skills. In this program the students will learn subjects of Computer Science such as Programming, Algorithm, System Design, Data Structure, Competitive Coding, Database Management System, Operating System, Software Engineering, etc. The Business Management courses include Professional Communication, Fintech, Digital Marketing, Design Thinking, People Management, E-Business, Economics and more. The program focuses on enabling students to comprehend how technological transformation is intertwined with business management. This program will provide a deep understanding of Computer Science by developing problem solving and mathematical skills. The business courses will help them build upon their management skills and enhance their understanding of business. This will broaden the scope of knowledge application in both the fields of Computer Science and Business and prepare the students to face the challenges of future.

Sufficient Job opportunities are provided by the placement cell of IIIT Lucknow. The graduate students find jobs as- Data Analysts, IT Managers, Cyber Security expert, Cloud administrator, Network administrator and telecommunications to name a few. The students will get ample opportunity to develop their skills in this growing technology through projects and research assignments. They will also get able guidance from the eminent faculties of the department. We believe that aspirants will thoroughly enjoy this curriculum track while gaining the relevant skills to become a successful Engineer.

Major Research Fields:

1. Artificial Intelligence
2. Big Data Analysis
3. Cloud and Serverless Computing
4. Data Analysis
5. Edge/Fog Computing
6. Image Processing
7. Internet-of-Things
8. Wireless Sensor Networks

Invited Talks and Outreach Activities (2021-22):

1. Dr. Mainak Adikari- Delivered a Talk on “Emerging Technology in Healthcare Domain”, Dr. A.P.J. Abdul Kalam Technical University, Lucknow, India.
2. Dr. Rahul Kumar Verma - Delivered a webinar on "Predictive Maintenance in Industry 4.0" organized by Indian Institute of Information Technology Bhopal on 15th December 2021.
3. Dr. Rahul Kumar Verma - Delivered a webinar on "Edge Computing Paradigm for Predictive Maintenance in Industry 4.0" organized by CSE Department, Siksha 'O' Anusandhan, Bhubneshwar (Deemed to be University) on 6th December 2021.
4. Dr. Rahul Kumar Verma - Session Chair, 1st International Conference on Advanced Network Technologies and Intelligent Computing (ANTIC 2021), organized by Department of Computer Science, Banaras Hindu University (BHU), Varanasi, India.
5. Dr. Rahul Kumar Verma - Session Chair, 2nd International Conference on Advanced Network Technologies and Intelligent Computing (ANTIC 2021), organized by Department of Computer Science, Banaras Hindu University (BHU), Varanasi, India.
6. Dr. Rahul Kumar Verma - Session Chair, Vishlesan Innovative Ideas Contest (VIIC-2022) organised by Technology Innovation Hub, IIT Patna
7. Dr. Soumendu Chakraborty- Session Chair, CVMI, 2022, IIIT Allahabad

Awards and Recognitions (2021-22):

1. Listed in Top 2% Scientist according to Stanford University, USA
2. Listed as Best Researcher in Indian Institute of Information Technology Lucknow according to AD Scientific Indexed.
3. Joined as Associate Editor of Physical Communication (Elsevier) Journal, Science Citation Indexed.

Concluding Remark

The Department of Computer Science is constantly striving to improve the quality of education and research to keep abreast with the new technologies and market demands. In the coming years the Faculty members will submit multiple project proposals in various Government Agencies.

Department of Mathematics

About the Department

The Department of Mathematics is an integral component of IIIT Lucknow's academic ecosystem. The department offers both core and elective courses for B.Tech. and M.Tech. students; some of these courses are chosen by the research scholars of the department as well. Mathematical life at IIIT Lucknow is very active. It comprises original investigations, discussions, lectures and teaching at many levels. We are deeply committed to superior research in mathematics and the scientific excellence of our faculty is well recognized in the mathematical community. Members of the Department have been deeply involved in research and they have been conducting talks and seminars throughout the country. All the Mathematics faculty members of IIIT Lucknow started working under the Department of Information Technology in January 2018. As new recruitments happened and the Mathematics faculty strength increased from one to three in July 2020, there arose a requirement for the formation of the Department. Thus the Department of Mathematics came into existence in September 2020 with the approval of the competent authority. There are currently three PhD scholars working under the supervision of the faculty members of the department. Apart from the guidance of PhD scholars, the faculty members are also supervising the thesis of M.Tech. students and for the B.Tech. projects.

Administrative and Academic Initiatives

The department offers doctoral (PhD) programs and various courses to postgraduate (M.Tech.) students for research & thesis work. The department intends to contribute to the society through these highly qualified students, who aim to specialize in frontier areas of research and development. Department is also involved in several collaborative and interdisciplinary work with various national and international organizations. One such project is in collaboration with the Naval Physical Oceanographic Laboratory Kochi, Kerala. This collaboration resulted in acceptance of a paper in the National Conference on Communications (NCC). Another project is

in collaboration with the Department of Electrical and Computer Engineering - Communication, Control and Automation of Aarhus University, Denmark and it resulted in acceptance of a paper in the IEEE Global Communications (GLOBECOM) Conference 2022, Rio de Janeiro, Brazil. One M.Tech. project is also done in collaboration with Scientific Analysis Group, Defence R&D Organisation, Delhi.

Currently Department of Mathematics is focusing in following areas:

- Almost Periodic Solutions
- Cryptography
- Elliptic Partial Differential Equations
- Fractal Geometry
- Homogenization Theory
- Quantum Computing
- Self Similar Dendrites
- Self Similar Tilings

Concluding Remark

The department strives hard to improve the quality of teaching and research. As a part of this continuous improvement the department is planning to launch an M.Sc programme in Data Science for the upcoming academic year.

IIIT Lucknow, M&H Department

Indian Institute of Information Technology, Lucknow, an Institute of National Importance, is one of the 20 IIITs set up by the Central Government in the Public-Private Partnership (PPP) model. It currently offers all the amenities, academic and non-academic, to its students that can help them flourish and serve the nation with all their apprehension in the various fields of technology.

IIITs have a tradition of producing best-in-class human resources in IT and connecting multi-dimensional aspects of IT such as manufacturing, design, and management. IIIT Lucknow is an emerging institute that takes this initiative further in leaps and bounds by providing world-class education in Engineering, Technology, and Business. We have a team of best educators and industrialists who teach contemporary topics and bring real-life scenarios to the classroom. With this kind of training, our students enter the real world with full awareness and become adept in problem-solving.

Programs offered by IIIT Lucknow :

The Department of Management & Humanities (M&H) at the Indian Institute of Information Technology, Lucknow, was established in July 2020. The three programs which the department offers are: Master of Business Administration (MBA) in Digital Business, Post Graduate Diploma in Business Management (PGDBM), Post Graduate Diploma in Digital Marketing (PGDDM), and Ph.D. in Management and Humanities disciplines. The course structure of MBA and PGDBM programs are according to the National Education Policy (2020) and conform to the latest technology practiced in the various business organisations.

The department thrives on the belief that learning never stops and endeavours to encourage an entrepreneurial culture and develop better managerial and communication skills of the students to make them relevant in contributing to various business organisations and society, thus enabling them to “Lead the Future”.

All the programs run by the department follow the objective of applying management theories and practices to evaluate business opportunities, solve business problems and make sound decisions in the digital business era. The programs foster real-world knowledge, technical skills and analytical, and critical thinking abilities for decision making in the data-driven business world. The programs also aim to develop leadership ability to lead themselves and others, and contribute effectively to a team environment with an ability to understand and analyze global, economic, legal, and ethical aspects of business with integrity, morality and objectivity to achieve success. The offered courses also make the students think strategically and innovatively for the achievement of organizational goals

About the Academic Programme and Faculty

The objectives of the programs offered by the Department of Information Technology and Department of Computer Science are:

- To equip students with state of art knowledge and skill in Information Technology and to produce engineers with outstanding ability.
- To create future leaders of IT industry and profession.
- To add to the existing intellectual pool of young minds to meet the growing demands of the nation in Information Technology and
- To lay a foundation for life-long learning ability and a capacity for adaptation in the ever changing world.

The programs aim to achieve these objectives by moulding young talents as engineers who can recognize and solve problems in different technical and social domains. The main emphasis of the programs is to instill inquisitive thinking and curiosity with a sense of service to the nation and society at large; and with a capacity to recognize the need for a change and drive the change to make the world a better place to live. The following were the faculty members:

- Dr. Dhananjoy Dey
- Dr. Brijesh Kumar Chaurasia
- Dr. Soumendu Chakraborty
- Dr. Vishal Krishna Singh
- Dr. Mary Samuel
- Dr. Niharika Anand
- Dr. Vinod Kumar
- Dr. Indira Mishra
- Dr. Neelu
- Dr. Bindu Singh
- Dr. Mainak Adhikari
- Dr. Rahul Kumar Verma
- Dr. Deepshikha Agarwal
- Dr. Varun Sharma
- Dr. Niraj Kumar Vishvakarma
- Dr. Chandranath Adak
- Dr. Abhinesh Kaushik
- Dr. Muskaan Singh
- Dr. Naveen Saini

7. Invited talks in Seminars/ Workshops/Conferences/ Symposiums etc.:

1. Delivered two online sessions in Five Days MDP on ‘Entering the Next Orbit’ to Sales Managers of Asian Paints in IMI New Delhi (17th-18th February, 2021)
2. Delivered a webinar on, “Role of Digital Marketing to Aspiring Managers”, in Geeta Engineering College, Geeta Group of Institutions (GGI), Panipat on 24th September, 2020.

3. Delivered a virtual session on, “Literature review: Systematic Literature review (SLR)” in Short Term Course (e-STC) on Advanced Statistical Techniques for Research in Social Sciences organized by Department of Management Studies & Department of HSS, National Institute of Technology Hamirpur, 26-30 October 2020.
4. Delivered an online session on, “Social Media Opportunities in Today’s Era”, SRMS College of Engineering, Technology & Research, Bareilly, 27th November, 2020.
5. Delivered an online session to Doctorate Scholars on, “Conducting Bibliometric Review”, Fortune Institute of International Business, New Delhi, 28th November, 2020.
6. Delivered virtual marketing seminar on “Social Media Marketing: Transforming Business”, in RNB Global University, Bikaner on 8th January 2021.
7. Delivered two virtual sessions in online Faculty Development Programme on "The Challenges in Strengthening the Clean Technology Entrepreneurship" organized by Department of Chemical Engineering, Malviya National Institute of Technology, Jaipur, from 25th January-5th February 2021.

8. Work done in projects undertaken in the Institute:

- Completed the consulting project titled, ‘Imparting Training on Digital Marketing Strategies and Tools’ granted by God’s Grace Distributions, New Delhi as Project Consultant on 18th August, 2020

9. Lab & Curriculum Development: Syllabus of Marketing Management, E-Business Strategy and Digital Economy, E-Business Strategy, Digital Product Development.

10. Extra – Curricular activities: NA

11. Awards/Honours/Recognition/Professional Awards received:

- Appreciation Certificate for contribution as reviewer to FIIB Business Review (Sage Publications, SCOPUS indexed)
- Certificate of Honor for Session Co-Chair in National e-Conference “Recent Trends in Management and Social Sciences (RTMSS)-2021” organized by Department of Management Studies & Department of HSS, National Institute of Technology, Hamirpur, 5-6 March, 2021.
- Certificate of Appreciation for delivering two virtual sessions in online Faculty Development Programme on “The Challenges in Strengthening the Clean Technology Entrepreneurship”, organized by Department of Chemical Engineering, Malviya National Institute of Technology, Jaipur, from 25th January-5th February 2021.
- Appreciation Letter for delivering Virtual Marketing Seminar on “Social Media Marketing-Transforming Business”, in RNB Global University, Bikaner on 8th January 2021.
- Best Paper Award, 6th International Management Conference on Advances in Management through Research, Innovation & Technology (AMRIT-2020) organized by Fortune Institute of International Business, New Delhi, 16-18 December, 2020.

- Certificate of Honor for delivering a virtual session on, “Literature review: Systematic Literature review (SLR)” in Short Term Course (e-STC) on Advanced Statistical Techniques for Research in Social Sciences organized by Department of Management Studies & Department of HSS, National Institute of Technology Hamirpur, 26-30 October 2020.

12. Training Programmes Organized: NA

13. Any other Achievements/Distinctions (not included above):

- Advisory Editorial Board Member of the series 'Review of Management Literature' (Emerald Group Publishing, SCOPUS indexed).
- Question Paper Setter, Advertising and Brand Management (GM 4103) course of PGDM (4th Term) end term exam, Jagannath International Management School, Kalkaji, New Delhi. (20th October, 2020)
- Question Paper Moderator, Business Development, Selling & Negotiation, Consumer Behaviour and Integrated Marketing Communication courses of PGDM (3rd Term) end term exam, Fortune Institute of International Business, New Delhi. (31st March, 2021)

6. International visit: The United States of America, Washington DC, as a Fulbright Scholar and Cultural Ambassador, Foreign Language Teaching Assistant at Johns Hopkins University (2014-15).

7. New courses developed and offered:

- i. Professional communication I for BTech (CS, IT, CSAI, CSB)
- ii. Professional Communication II for BTech (CS, IT, CSAI, CSB)
- iii. Professional Communication/ Business Communication (MBA and PGDBM)
- iv. Technical Writing (MTech and PhD)

- v. Business Environment (MBA and PGDBM)

8. Invited talks in Seminars/ Workshops/Conferences/ Symposiums etc.:

- i. Delivered a lecture on Achieving Communication Fitness through Pedagogical Plank in an FDP on Research Methodologies and Design Thinking for Leadership, Excellence and Soft Skills, (2021), IIITDM, Jabalpur
- ii. Delivered a lecture on Scaffolding as a Pedagogical Tool in an FDP on Rejuvenating Teaching Skills & Life Skill Management, (2020), IPS Academy Institute of Engineering & Science, Indore, Madhya Pradesh
- iii. Delivered a guest lecture on Indian English in Global Contexts, (2020), Volgograd College of Management and New Technologies, Volgograd, Russia
- iv. Delivered a lecture on Designing Scaffolding Activities for Communications in an FDP on Leadership, Excellence and Soft Skills for Professional Career, (2020), IIITDM, Jabalpur

9. Work done in projects undertaken in the Institute: NA

10. Extra – Curricular activities:

- i. Organized Orientation Programme for the incoming batch of BTech students (2020)
- ii. Organized Orientation Programme for the incoming batch of BTech students (2021)

11. Awards/Honours/Recognition/Professional Awards received:

- i. Appreciation letter for delivering a lecture on Scaffolding as a Pedagogical Tool in an FDP on Rejuvenating Teaching Skills & Life Skill Management, (2020), IPS Academy Institute of Engineering & Science, Indore, Madhya Pradesh
- ii. Fulbright Scholarship for teaching foreign language at Johns Hopkins University, Washington DC, USA (2014-15)
- iii. Gold medal for securing highest CGPA in post-graduate program (Linguistics) (2010)
- iv. JRF in Linguistics (2010)
- v. Gold medal for securing highest marks in undergraduate program (Functional English) (2008)

12. Training Programmes Organized: NA

13. Any other Achievements/Distinctions (not included above):

- i. Evaluated PhD thesis report of Ms Sunita Sehrawat, K. R. Mangalam, Sohna Rd, Sohna Rural, Haryana of as an external examiner.

14. Course teaching:

July 2020 – June 2021

- i. Technical Writing (MTech and PhD)
- ii. Professional Communication I (BTech; CS, IT and CSAI)
- iii. Professional Communication II (BTech; CS, IT and CSAI)
- iv. Professional Communication/ Business Communication (MBA and PGDBM)

6. New courses developed and offered: Chairperson, Course Curriculum Design Committee (April 2019 – July 2019)

- a. Mathematics for Machine Learning
- b. Algorithmic Graph Theory
- c. Probability and Statistics for Computer Science

7. Invited talks in Seminars/ Workshops/Conferences/ Symposiums etc.:

- a. Delivered a talk on 'Foundations of Mathematics in Computer Science' to postgraduate students at Digital University Kerala, September 2022.
- b. Participated in " Orientation Programme on AICTE Technical Book Translation" organized by Kerala University of Digital Sciences, Innovation and Technology in association with AICTE at technocity Campus Trivandrum, Kerala, September 2022.
- c. Invited Speaker of KSCSTE First Webinar Series Titled WOMEN LEADER IN STEM 2020, organized by Kerala State Council For Science Technology and Environment (KSCSTE), Thiruvananthapuram under the network mode project titled 'Assessment Of Government Of India's Gender Mainstreaming Programs For Women In Science' supported by Department of Science & Technology (DST), Govt. Of India, December, 2020
- d. Resource Person in the Webinar on Fractal Geometry: An Introduction conducted by the Department of Mathematics, Marian College, Kuttikkanam (Autonomous), Peermade, Idukki, Kerala on October, 2020
- e. Presented the paper entitled On Small Deformations of Polygonal Dendrites in the International Workshop and Conferences on Topology & Applications (in honor of Prof. T.Thrivikraman & Annual Conference of Kerala Mathematical Association) held at Rajagiri School of Engineering & Technology, Kochi, Kerala, India in December 2018.
- f. Took part in the International Conference Geometry Days in Novosibirsk -2018 and delivered an invited talk on the topic "Generalized polygonal systems and deformations of polygonal dendrites" organized by Sobolev Institute of Mathematics and Novosibirsk State University, Russia, at Novosibirsk, Russia, September 2018.

- One day Entrepreneurship Awareness program held in Indian Institute of Information Technology, Lucknow on March 4th, 2022 in association with MSME-DI Kanpur.
- Webinar on ‘Government schemes to start new business’ in association with UP Chapter of PHD Chamber of Commerce & Industry and Small Industries Development Bank of India (SIDBI) and Indian Institute of Information Technology, Lucknow was held on 21st December, 2021
- Webinar on ‘Opportunities to start new business in IT Industry’ in association with UP Chapter of PHD Chamber of Commerce & Industry and Small Industries Development Bank of India (SIDBI) and Indian Institute of Information Technology, Lucknow was held on 24th January 2022.
- Webinar on ‘the importance of IPR for Start-ups’ in association with UP Chapter of PHD Chamber of Commerce & Industry and Small Industries Development Bank of India (SIDBI) and Indian Institute of Information Technology, Lucknow was held on 13th May, 2022
- Webinar on ‘Success Stories of Start- in association with UP Chapter of PHD Chamber of Commerce & Industry and Small Industries Development Bank of India (SIDBI) and Indian Institute of Information Technology, Lucknow was held on 20th May, 2022

14. Any other Achievements/Distinctions:

- Incubation Center, IIT Lucknow received Operational Grant of 1.5 Cr from U. P. Electronics Corporation Limited.

1. Course teaching:

a. May-July 2022

- (i) People management, (MBA & PGDBM I Trimester)

b. July-December 2022:

- (i) Professional Ethics, B.Tech. (CS & IT) VII Semester

c. Jan-May 2023:

- (ii) People management B.Tech. (CS & IT) VI Semester

STUDENTS
SUPERVISED

Ph.D 2019 - Ongoing

1. Gaurav Tripathi
Enrollment Number: *RCS1001*
Thesis Title: *Machine Learning for Performance Optimization of Internet of Things Applications*
Department of Computer Science
Indian Institute of Information Technology, Lucknow
Uttar Pradesh, India.
2. Sakshi Verma
Enrollment Number: *RCS201001*
Thesis Title: *Machine Learning for Stream Data Mining*
Department of Computer Science
Indian Institute of Information Technology, Lucknow
Uttar Pradesh, India.

M.Tech Batch 2021 - 2023, Ongoing

1. Harsh Manohar
Enrollment Number: *MCS21012*
Thesis Title: *Security in Federated Learning*
Department of Computer Science
Indian Institute of Information Technology, Lucknow
Uttar Pradesh, India.
2. Aakanksha Bhardwaj
Enrollment Number: *MCS21013*
Thesis Title: *Data Pre-processing in Federated Learning*
Department of Computer Science
Indian Institute of Information Technology, Lucknow
Uttar Pradesh, India.
3. Devansh Nema
Enrollment Number: *MCS21015*
Thesis Title: *Heterogeneous Data Processing in Sensor Based IoT*
Indian Institute of Information Technology, Lucknow
Uttar Pradesh, India.
4. Vins Patel
Enrollment Number: *MCS21016*
Thesis Title: *Federated Learning for Smart Grids*
Indian Institute of Information Technology, Lucknow
Uttar Pradesh, India.

5. Sharad Sahani
Enrollment Number: *MCS21026*
Thesis Title: *Deep Learning For Smart Transportation Networks*
Indian Institute of Information Technology, Lucknow
Uttar Pradesh, India.
6. Shwetabh Singh Baghel
Enrollment Number: *MCS21020*
Thesis Title: *Deep Learning for Edge Inference*
Indian Institute of Information Technology, Lucknow
Uttar Pradesh, India.
7. Abhishek Chauhan
Enrollment Number: *MCS21024*
Thesis Title: *Deep Learning for Smart Surveillance*
Indian Institute of Information Technology, Lucknow
Uttar Pradesh, India.
8. Shivani Kushwaha
Enrollment Number: *MCS21030*
Thesis Title: *Thermal to Visible Contrastive Learning Transformations using GANs*
Indian Institute of Information Technology, Lucknow
Uttar Pradesh, India.

M.Tech

Batch 2020 - 2022

1. Majithia Vivek Vinodabhai
Enrollment Number: *MCS20008*
Thesis Title: *Accurate Event Detection in VANET*
Department of Computer Science
Indian Institute of Information Technology, Lucknow
Uttar Pradesh, India.
2. Varun Pratap Singh
Enrollment Number: *MCS20013*
Thesis Title: *IoT for Smart Wearables*
Department of Computer Science
Indian Institute of Information Technology, Lucknow
Uttar Pradesh, India.
3. Divyanshu Manohar Chaudhari
Enrollment Number: *MCS20014*
Thesis Title: *Stream Data Mining for Terrain Mapping*
Department of Computer Science
Indian Institute of Information Technology, Lucknow
Uttar Pradesh, India.

M.Tech

Batch 2019 - 2021

1. Aman Ojha
Enrollment Number: *MCS2019010*
Thesis Title: *Spectral Clustering for Internet of Things*
Department of Computer Science
Indian Institute of Information Technology, Lucknow
Uttar Pradesh, India.

2. Abhishek Kumar Rai
Enrollment Number: MCS2019015
Thesis Title: *Reliable Data Gathering in Deterministic Deployed Sensor Network*
Department of Computer Science
Indian Institute of Information Technology, Lucknow
Uttar Pradesh, India.

INVITED TALKS

- Keynote speaker in “International Symposium on Recent Advancements in Information and Communication Technology- RAICT 20, organized by Integral University, Lucknow, India on 5th November 2020.
- Keynote speaker in FDP on “Data Sciences for IoT sponsored by AICTE Training and Learning (ATAL) Academy, organized by Indian Institute of Information Technology, Allahabad, India, on 9 October 2020.
- Keynote speaker in Online FDP on “Machine Learning and Intelligent Systems, sponsored by AICTE Training and Learning (ATAL) Academy, organized by Rajkiya Engineering College, Kannauj, Uttar Pradesh, India, on 07 October, 2020.
- Keynote speaker in FDP on “Artificial Intelligence sponsored by AICTE Training and Learning (ATAL) Academy, organized by Motilal Nehru National Institute of Technology, Allahabad, India, on 5 October 2020.
- Keynote speaker in FDP on “Emerging Trends in Networking” Organized by Centre for Advanced Studies, AKTU, Lucknow, India, on 26th June 2019.

Research and Development

IIIT Lucknow, since its inception in 2015, has been actively involved with IIIT Allahabad in organizing and coordinating academic and co-curricular activities. Events such as, Effervescence, ASMITA, Aparoksha and many more, have witnessed participation from both IIIT Allahabad and IIIT Lucknow students and coordinators.

Some of the highlights of Academic Year 2021- 22 are:

Research Publications by Faculty:

Campus Details

Permanent Campus & Construction related chronology

The permanent campus of IIT, Lucknow is in 50 acres of land at Chak Canjaria Region, Lucknow. The Institute is being set up with the financial contributions of MHRD, Govt. of India, Govt. of Uttar Pradesh, and U.P. Electronics Corporation Ltd. as industry partner. It is a couple of kilometer away from the International cricket stadium (along with many other sports facilities) which is being set up in Gomti Nagar extension.

The Institute is surrounded by a 100 Acre IT City SEZ Lucknow project which is being developed by HCL Group. The city will provide direct employment to 25,000 with indirect employment to approx. 50,000 people.

Student Activities & Achievements

IIIT, Lucknow encourages its students to balance their academics and co-curricular activities. This allows for an all-round development, as evidenced by the numerous projects undertaken and the participation in sports and cultural events. This is evident from the wide repertoire of projects that they have done as well as their participation in sports and cultural events. The institute also encourages the students to showcase their research in national conferences and workshops. The students work as Teaching Assistants, guiding and aiding the students in the batches that are junior to them. Our students take part in many renowned programming competitions like **ACM-ICPC** and **Capture the Flag (CTF)** and our students are honing their skills on websites like Topcoder, SPOJ, CodeChef etc. in various languages.

The details of respective student's club and events are mentioned below:

CULTURAL REPORT

2021-2022

Index

Cultural Club	84
Crotonia	85-90
Estrella	91-92
Utkrisht	93-98
Zephyr	99-103
Goonj	104-107

Eifer	113-115
E-Cell	115-118

Overall Coordinators of Cultural Club:

Sarthak Singh

Riya Srivastava

Under the guidance of the overall coordinators, every society flourished and worked as a coherent team. Events between various societies were coordinated successfully by them.

Following events were organized under the cultural Club:

- Treasure Hunt
- Lit-A-thon
- Bindass Bol

Please find the details of various cultural societies, their coordinators and the events that were held under them.

1. CROTONIA - LITERARY SOCIETY:

Crotonia, the literary society of IIIT Lucknow, is a forum for all **literary enthusiasts, authors, and orators**, as well as those who enjoy introducing fresh and original ideas and bringing their best selves to the table. It provides a safe space for students to share their opinions on a wide range of social issues, beliefs, humanitarian endeavors, etc.

Crotonia plans regular activities to assist students in developing their critical thinking, reading, and writing skills and to enable members to confront their concerns while learning and expressing themselves in competitions and events such as debates, essay writing, just a minute, and similar competitions and events.

Crotonia events are intended to maximize both enjoyment and growth. Crotonia's oeuvre includes the **yearly magazine of IIIT Lucknow, MUN, and the first successful TEDx edition.**

We offer write-up Tuesdays, articles and reviews on Medium, and stories on Instagram to anyone who wishes to enhance their writing skills. For individuals seeking to enhance their public speaking skills and build their confidence, we provide a variety of events, podcasts, and other previously unexplored opportunities and growth channels that are exclusive to members.

Events:

Crotonia Cup :

The Crotonia Cup was organized with an intent to organize various events for the new freshers on every domain so as to make them more confident and develop soft skills.

2. ESTRELLA- MUSIC SOCIETY

Estrella is the music society at IIIT Lucknow. It's a collection of music enthusiasts who've decided to form a band as a way to share their passion with the world. Singing, playing the guitar, or being interested in the piano, flute, drums, tabla, or even beatboxing will all put you in the company of talented musicians.

Estrella hosts events ranging from **antakshari nights and jam sessions** to musical competitions like **Tarang** in order to further its mission of promoting music in all its forms. By encouraging people to share their musical passions, Estrella hopes to expand its scope and appeal to a wider variety of musical styles each year.

COORDINATORS:

Rajat Napalchyal

Khushi Srivastava

Events:

Flagship Event- Tarang

The primary event that Estrella puts on each year is called Tarang, and it gives participants a fantastic opportunity to showcase their musical abilities. You have the opportunity to participate in a music competition, in which you can sing, rap, or perform an instrument. Its purpose is to encourage artistic freedom in order to bring out the best in those who take part in the competition. It ensures a platform for the essence of music to flourish thanks to involvement from across the entirety of India.

Atrangi Antakshari:

Atrangi Antakshari was a main event organised by Estrella in the month of september. This event had participants from freshmans to 4th year seniors who came together to compete for the first position. It comprised of teams with 4 members and there were multiple rounds of fun games. In first round, teams had to guess the song from the tune played and in second they had to sing a song with a specific word given to them. And the last round was the most intriguing where they had to guess the hindi song from its translated english version. It was a very succesful event and everyone inlcuding the audience enjoyed it to the fullest.

3. UTKRISHT - FINE ARTS SOCIETY

The Utkrisht Fine Arts Society is an integral part of IIIT Lucknow. Through this club, students get the chance to demonstrate their amazing artistic talent while also cultivating a culture of creativity. Utkrisht organizes events all year long to inspire and support artistic aspirations and bring out the artist in every one of us. Even complete beginners can quickly pick up brushes and make assured strokes because of the activities' superb learning environment. The only skills needed for Utkrisht are an open mind, some inventiveness, and, most significantly, the willingness to try new things. In addition, the Club offers ample participation opportunities to its members, especially to its newer members.

COORDINATORS:

Sumita Kumari

Kratika Jain

Events:

Your days at college are often occupied by academics and future planning. Utkrisht offers a place where you may get away from the chaos of your hectic academic life. The club has taken on the task of decorating for events like Equinox'22. The following elements stood out during Equinox'22: Pacman, Mario, Photobooths (Car, Nokia), Graffiti, and Tic-Tac-Toe. Following Equinox'22, Utkrisht hosted the Confessions event "I'm All Ears."

Kairos

Although it was a difficult undertaking, the club managed to adapt to the move to the online form and held a successful online art competition- "Kairos- The annual online art event of IIITL" that accepted submissions from all around the world. Kairos solicited more than 500 submissions from students across the nation.

Scribble

Scribble competition was conducted by Utkrisht for the first-year students of IIIT Lucknow. We had an enormous participation of around 100 students. They were divided into groups of 10. The top 3 performers of each team were sent to the semi-final round and then a total of 10 students participated in the final round. Students drew funny drawings for the words

given. Everyone enjoyed the event. The event concluded with the announcement of the top 3 winners.

4. ZEPHYR- THE DANCE SOCIETY

Like to dance? You have a platform with Zephyr to pursue your passion in college. It is a group of people who take pleasure in using dance as a means of expression. If one even remotely believes they can or desire to dance, they are given the opportunity to shine. Although Zephyr is a dancing company, it offers much more. In just two years, it has succeeded in creating a community of people who value one another as family and a chance for them to share their love of dance and create memories together. The only qualifications for joining the squad are passion and love for dance. Regardless of whether you are an experienced dancer or a beginner, our club allows you the chance to show off your skills.

COORDINATORS:

Prerit S. Mittal

Ashutosh Yadav

Events:

Reelax

Reelax was an event hosted by Zephyr in which anyone could have participated by dancing and recording their performance to be uploaded to Instagram as a reel on the first Tuesday of every week. This event prevented the Zephyr page from becoming inactive on Instagram because a large number of members participated and recorded videos of themselves dancing in various forms.

Flagship Event- Vibrant feet

Zephyr held its 20-day "vibrant feet" flagship event for the second season in 2021. It saw tremendously high levels of both quality and quantity involvement from dancers all across the world.

We immediately shattered the records of numerous prestigious institutions, including IITs, NITs, and IIITs, for online dance competitions.

More than 100 colleges, both domestically and abroad, showed support for and participation in Vibrant Feet. Consequently, we're setting a high bar for our college, which only opened its doors in 2015.

Equinox Performance

Team Zephyr is known for its enthusiastic participation in all of the celebrations and events that are held. The highlight of these performances was the group's equinox performance, which featured not only the members of the dance group but also audience members who were not trained in dance and became the most popular part of the festival.

Tributes

All of us look up to our favorite dancers.

The crew of the Zephyr appreciated the opportunity to honor the renowned dancers throughout the year.

5. GOONJ - THE DRAMATICS SOCIETY

Goonj looks to awaken youthful energetic students' intrigued by theatre and its various aspects. We cover each highlight of human society extending from funniness to genuine issues to social dramatizations and trust to teach and charm the open at the same time through arranging plays, road plays, emulation and other sorts of craftsmanship.

6. AFTERDARK - THE PHOTOGRAPHY SOCIETY

We are a bunch of passionate photographers, videographers, and editors. Our society gives students the platform to explore the "art of clicking". Students learn many of the technicalities involved in photography and videography. It is about learning to observe things from a different perspective and seize it in the present moment. Editing is another important sphere of our society. We learn through workshops, competitions, and fun activities.

COORDINATORS:

7. EIFER - SPORTS SOCIETY

Eifer, the sports society of Indian Institute of Information Technology, Lucknow aims to provide a celebration of all things sporty and serves as a reprieve from the monotonous daily routine. With the college encompassing all the range of sports, Eifer encourages everyone, whether experienced or not, to come join us on this adventure and make it a better and memorable time for us all.

VISION

The Games and Sports Council aims to ensure that every resident of the campus is able to utilize the excellent sports infrastructure provided by the institute to its maximum potential.

Eifer, the sports society of the Indian Institute of Information Technology, Lucknow firmly believes that all the activities organized throughout the year to connect students to sports bear great value, not just in the performances and results, but also in terms of fitness and health.

Regular Activities Conducted in 2020-21

KING OF 64

(20-21 February 2022)

This tenure went majorly in and around Covid-19 and as a result the sports participation was hampered. Nonetheless the coordinators and the core team of 2020-21 successfully organized an online chess event which saw participation in great numbers from the junior batches. This event too was a great success as juniors understood what Eifer is all about and turned eager to be a part of it so that they can take the legacy forward.

INFINITO

(8-10 April 2022)

On April 8th 2022, The sports society of IIIT Lucknow had conducted its first intra-college sports festival Infinito, a celebration of the union of the body, the mind and the soul. It involved a wide range of sports, from rip-roaring cricket matches to intricate and intellectual game of chess, Infinito completely enthralled the audience throughout the three days. Altogether, there were a total of 350+ matches with the total number of participations up to 200. All the sports events were open for all the batches including the M. Tech, Ph. D. pursuers, and Faculties. The whole college body was divided into teams of IT-2018, CS-2019, IT-2019, CSAI-2020, CS-2020, IT-2020 and the last team consisted of M. Techs, Ph.Ds., and faculties combined. It is the pleasure to thank club coordinator for their dedication and time to the infinito competition.

8. ECELL - ENTREPRENEUR SOCIETY

The Entrepreneurship Cell of IIIT Lucknow is another student-driven club that aims to introduce an entrepreneurial mindset amongst college students and also nurture it. Backed by the E-cell of IIT Kanpur, it lives up to its slogan of 'Initiate. Incubate. Elevate' by providing the students a platform to develop and showcase their entrepreneurial skills. The E-Cell conducts various events, such as Enspire(the annual E-Summit). informative workshops, seminars, and group discussions, all aimed at equipping a student with the skillset & knowledge required to set up his/her enterprise. It provides the students with an opportunity to interact with industry professionals and business moguls. The E-cell helps the student develop an attitude that actively seeks out change, rather than waiting to adapt to it.

Deputy Accountant General / Deputy Director

Separate Audit Report of the Comptroller & Auditor General of India on the Accounts of the Indian Institute of Information Technology (PPP mode), Lucknow for the year ended 31 March 2022

We have audited the attached Balance Sheet of the Indian Institute of Information Technology (PPP mode), Lucknow (Institute) as at 31 March 2022, the Income & Expenditure Account and Receipts & Payments Account for the year ended on that date under Section 19 (2) of the Comptroller & Auditor General's (Duties, Powers & Conditions of Service) Act, 1971 read with Section 28 (3) of the Indian Institutes of Information Technology (Public-Private Partnership) Act, 2017. These financial statements are the responsibility of the Institute's management. Our responsibility is to express an opinion on these financial statements based on our audit.

2. This Separate Audit Report contains the comments of the Comptroller & Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards and disclosure norms, etc. Audit observation on financial transaction with regard to compliance with the Law, Rules & regulations (Propriety and Regularity) and efficiency-cum-performance aspects, etc., if any, are reported through Inspection Reports/CAG's Audit Reports separately.

3. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining on a test basis, evidence supporting the amounts and disclosure in the financial statements. An audit also includes assessing the accounting principle used and significant estimates made by management, as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.

4. Based on our audit, we report that:

(i) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit;

(ii) The Balance Sheet, Income & Expenditure Account and Receipts & Payments Account dealt with by this report have been drawn up in the format of Financial Statements for Central Higher Educational Institutions (format) prescribed by MHRD.

(iii) In our opinion, proper books of accounts and other relevant records have been maintained by the Institute.

(iv) We further report that:

(A) Receipts & Payments Accounts

Deposits and advances

Deposits from Students

₹ 15.32 lakh

An amount of ₹ 10.00 lakh pertaining to 'Academic Fee receipts from Students' was included in 'Deposits from Students'. This resulted in overstatement of 'Deposits and advances' by ₹ 10.00 lakh and understatement of 'Academic Fee receipts from Students' by the same amount.

(B) General

The Institute included ₹ 209.81 lakh towards 'Provision for expenses - IIIT Allahabad' in Current Liabilities and Provisions (Schedule-3), which was kept in abeyance since 2017-18. Technically, amounts payable within a period of 12 months should only be made as provision for expenses in current year. The Institute needs to rectify the depiction.

(C) Grants-in-aid

The Institute received Grants-in-aid of ₹ 22.00 lakh during the year. After taking opening balance of ₹ 2573.55 lakh and Interest of ₹ 97.32 lakh earned on grant account, the total fund available was worked out to ₹ 2692.87 lakh. The Institute utilised ₹ 545.82 lakh (₹ 523.82 lakh for Capital Expenditure and ₹ 22.00 lakh for Revenue Expenditure) leaving a balance of ₹ 2147.05 lakh.

(v) Subject to our observations on the preceding paragraphs, we report that the Balance Sheet, Income and Expenditure Account and Receipts and Payments Account dealt with by this report are in agreement with books of accounts.

(vi) In our opinion and to the best of our information and according to the explanations given to us, the said financial statements read together with the Accounting Policies and Notes on Accounts, and subject to the significant matters stated above and other matters mentioned in Annexure to this Audit Report give a true and fair view in conformity with accounting principles generally accepted in India:

(a) In so far as it relates to the Balance Sheet, of the state of affairs of the Indian Institute of Information Technology, Lucknow as at 31 March 2022; and

(b) In so far as it relates to the Income and Expenditure Account of the 'surplus' for the year ended on that date.

**Place: Lucknow
Date: 28.10.2022**

For and on behalf of the C&AG of India

**Sd/-
Principal Director of Audit (Central), Lucknow**

Annexure

1. Adequacy of Internal Audit System

The Institute does not have its own Internal Audit wing. Only pre-audit of the vouchers/bills was being conducted.

2. Adequacy of Internal Control system

The inadequacy of Internal Control System in the Institute is characterized by:

- Accumulation of interest on unutilised grants without having approval from funding agencies to retain the same.
- Non-fulfillment of 46 vacant posts against 75 sanctioned posts.

3. System of Physical verification of fixed assets

Physical verification of fixed assets has been conducted for the year 2021-22.

4. System of Physical verification of inventory

Physical verification of inventory has been conducted for the year 2021-22.

5. Regularity in payment of statutory dues

The Institute is regular in payment of statutory dues.

Fixed assets are stated at cost of acquisition including inward freight, duties and taxes, incidental and direct expenses related to the acquisition, installation & commissioning.

Fixed assets are valued at cost less accumulated depreciation.

4 INTANGIBLE ASSETS:

Computer software, E-books and E-Journals are grouped under Intangible Assets. Software purchased on subscription basis are amortized over the subscription period

5 DEPRECIATION:

Depreciation on fixed assets has been charged on Straight Line method at rates as prescribed in the Uniform Accounting Standard for all education institutions by MHRD. Depreciation is provided for the whole year on additions during the year.

Where value after depreciation of Tangible assets is less than 5% of original cost, such assets is carried in Balance Sheet at 5% as residual value and will not be further depreciated.

Assets, the individual value of each of which is Rs 2000 or less (except Library Books) are treated as Small Value Assets, 100% depreciation is provided in respect of such assets at the time of their acquisition. However physical accounting & control are continued by the holders of such assets.

6 STOCKS:

Expenditure on purchase of laboratory material, medicines, stationery items and other stores is accounted as revenue expenditure, except that the value of closing stocks held on 31st March 2022 is set up as inventories by reducing the corresponding Revenue Expenditure on the basis of information obtained

7 RETIREMENT BENEFITS:

V. K. Singh

Prof

44

Provision towards Gratuity and Leave Encashment has been made as per Actuarial Valuation. Institute had not made any provision for pension as all employees are covered under NPS. Provision for leave encashment had been only provided for Regular employees

8 GOVERNMENT GRANTS:

8.1 Government Grants are accounted on realization basis. However, where a sanction for release of grant pertaining to current financial year is received before 31st March and the grant is actually received in the next financial year, the grant is accounted on accrual basis and an equal amount is shown as recoverable from the Grantor.

8.2 To the extent utilized towards capital expenditure, (on accrual basis) government grants are transferred to the Capital Fund.

8.3 Government grants for meeting Revenue Expenditure (on accrual basis) are treated, to the extent utilized, as income of the year in which they are realized.

8.4 Unutilized grants (including advances paid out of such grants) are carried forward and exhibited as a liability in the Balance Sheet.

9 SPONSORED PROJECTS

In respect of sponsored projects, the amount received from sponsors are credited to the head " Receipts against sponsored projects" under Current liabilities and provisions. As and when expenditure is incurred/advances are paid against such projects or the concerned project, account is debited with allocated overhead charges.

10 TAXATION:

The income of the Institute is exempt from Income Tax under Section 10 (23C) of the Income Tax Act, 1961. No provision for tax is therefore made in the accounts.

11 Corresponding figure of the previous year has been rearranged/ regrouped wherever necessary.
