TENDER NOTICE

Issued by: CREATE – Confederation for Research Entrepreneurship and Technology Enablement, Incubation Center, IIIT Lucknow

For Uttar Pradesh Pollution Control Board (UPPCB) Project.

1. Purpose of this RFP

Selection of a Development Partner for the Design, Development, Implementation, Integration, Commissioning and Operations & Maintenance of the AI-Enabled Integrated Monitoring and Analysis System (AI-IMAS) for Common Biomedical Waste Treatment Facilities and Sewage Treatment Plants in Uttar Pradesh.

2. CREATE's Role

CREATE, the Incubation Center of IIIT Lucknow (a Section 8 Company), is the proposed implementation partner for AI-IMAS. Through this RFP, CREATE invites proposals from its incubated start-ups which are working in the relevant area. This gives them an opportunity to contribute their know how and solutions to a statewide environmental governance initiative.

3. Key Features of the Process

- **Publication:** The notice inviting tender is published on the official website of IIIT Lucknow (www.iiitl.ac.in). To check on the details of the application process please refer to point no. 5 & 6
- **Submission window:** Proposals may be submitted within 21 days from the date of publication.
- **Limited Tender:** Only Startups associated with CREATE can apply.
- **Mode of Submission:** Offline. To be submitted at the secure bid deposit box kept at CREATE office.
- **Evaluation:** A duly constituted Evaluation Committee of CREATE will evaluate proposals against the criteria specified in the RFP.
- **Approval:** The outcome of the evaluation/selection process will be placed before UPPCB for guidance/approval before any work is awarded.
